

Application Kit for a Study Permit Canadian Embassy, Beijing

Please read this kit carefully before submitting your application. The documentation you provide with your application is necessary to establish that your entry to Canada would not be contrary to the *Immigration and Refugee Protection Act*. Failure to provide complete, truthful, and accurate materials may result in your application being refused.

All Study Permit applications will be assessed based on the documents you submit. Please ensure that you submit all relevant documents as outlined in this application kit.

All documents must be submitted at the same time as your application and processing fee. Only documents in English or French will be accepted. All documents in Chinese must be accompanied by an English or French translation.

Application kits are free of charge and can be downloaded from the internet address: www.beijing.gc.ca

Warning: Providing fraudulent documentation or false information is a grave offence. If you or someone acting on your behalf directly or indirectly misrepresents facts relating to your application for a Study Permit:

- your application will be refused;
- the circumstances of your refusal will be entered into Canada's global immigration database; and
- you could become inadmissible to Canada for two (2) years under section 40 (2) of the *Immigration and Refugee Protection Act*.

1. Requirements for a Canadian Study Permit

You must show the officer that you meet the requirements of the Canadian *Immigration and Refugee Protection Act* and *Regulations* and that you will be in Canada for a temporary stay. You must also:

- satisfy an officer that you will leave Canada at the end of your period of authorized stay;
- have been accepted by an educational institution and hold a valid letter of acceptance;
- prove that you have enough money to support your stay in Canada;
- produce any documents requested by the officer to establish your admissibility; and,
- complete a medical examination

A study permit is not required if the course or study program has a duration of six months or less.

2. Agents and Representatives

If you do not wish to prepare and submit your application yourself, you may retain the assistance of an individual who provides such services for free (family members, friends, non-governmental and religious organizations, etc.), or you may decide to hire an authorized representative. An authorized representative must be either an immigration consultant who is a member of the Canadian Society of Immigration Consultants; a lawyer who is a member of a Canadian law society; or a notary who is a member of the *Chambre des notaires du Québec*. All applications are treated equally regardless of who prepares and submits them. Please remember that only you, as the applicant, are responsible for all information submitted. Please be sure to review all the information on your application form and ensure that all questions are answered truthfully before signing and dating the forms.

If you are authorizing the release of your file information to another person this person must be identified on the Use of Representative form (IMM 5476E). Please note that all persons who assist in the preparation of applications must be identified on this form.

3. Financial Support

You must prove that you have enough money during your stay in Canada to pay for tuition fees, return transportation for yourself and accompanying family members and living expenses for yourself and accompanying family members. According to Citizenship and Immigration Canada guidelines, you will require approximately \$10,000 CAD per year, not including tuition fees, to cover your living expenses.

In order to establish financial ability to support your studies, family banking records must be submitted for funds that show a history of at least twelve (12) months. In order to demonstrate this, we require the following:

- original Certificates of Deposit dated within the last two (2) months showing current funds available; and
- original deposit slips and/or original bank passbooks;
- a written explanation as to the source of funds.

Documents pertaining to other types of assets such as stock market accounts, business transactions and real estate transactions may be included, although these should not be used to replace the documents requested above. If you have been awarded a scholarship, please provide related original documentation, including an original letter from the funding body detailing the full amount you are to receive during each year of proposed study.

4. Study Plan

You must attach a study plan to the application, written by you. It will normally be 1 page in length. It should address the following issues:

- Why you wish to come to Canada to study at the school and in the program for which you have been accepted;
- Your overall educational goal; and
- How this Canadian diploma/degree will increase your employment chances.

5. Studying in Québec

If you plan to study in the province of Québec, you **must** submit a *Certificat d'acceptation du Québec (CAQ)* along with your application. The school that has accepted you should provide you with an application form and all necessary information.

6. Steps in applying for a Study Permit

Step 1: Take the Medical Examination

You may take the Medical Examination **before** submitting your Study Permit application by visiting one of the Designated Medical Practitioners for China and Mongolia listed on this website: www.cic.gc.ca/dmp-md/medical.aspx

When visiting the Designated Medical Practitioner, you must bring the following documents:

- 5 passport pictures;
- your original passport; and
- a photocopy of your passport biodata page.

After the completion of your Medical Examination, the Designated Medical Practitioner will provide you with one copy of your medical examination form. This form must be submitted together with your Study Permit application. Submission of this form does not guarantee approval of your application. Do not make commitments until your Study Permit application has been approved. All costs for medical exams are payable by the applicant and are non-refundable.

Important: It is NOT mandatory to complete a medical examination prior to submission of your Study Permit application. However, doing so will result in faster processing. Once you have submitted your application, you may not complete a medical examination until requested by the Visa Office to do so.

Step 2: Gather the Required Supporting Documents

This kit contains an application, other forms which must be completed and a Document Checklist. This Document Checklist will assist you in determining which forms and documents must be submitted, and which special requirements may apply.
